

# TRAINING

## Oral presentations during your PhD studies

27th November 2024 (Wednesday)  
4h30 — 6h00 p.m. • online (via Zoom meeting)

### Core audience

Doctoral (PhD) students (with registrations open to all prospective learners)

### Aims

This workshop reflects on the importance of oral presentations in the development of a Doctoral Thesis. It presents and discusses best practices that can lead to more effective oral presentations by PhD students.

### Contents

- The art of public speaking: historical evolution and presence in the educational system
- The Doctoral degree and communication skills
- Different stages in planning and delivery of an oral presentation
- Particularities of oral presentations in the field of engineering
- Preparation and use of audiovisual aids
- Knowing and enhancing the speaker's capabilities
- Dealing with speech anxiety
- Courses, practice groups, specific literature

# TRAINING

## Oral presentations during your PhD studies

27th November 2024 (Wednesday)  
4h30 — 6h00 p.m. • online (via Zoom meeting)

### Lecturer

C. Marta Castilho Gomes – Assistant Professor in the department of Civil Engineering, Architecture and Environment at Instituto Superior Técnico, in the scientific area of Systems, Urbanism, Transportation and Environment. Her scientific interests lie in systems engineering and operational research (optimization models, discrete events simulation and multi-criteria decision analysis to address real case studies) as well as data analysis and multivariate statistics applications.

The webinar will be held in English
